As England is a country within the Commonwealth of Nations, it would not fall for this invasion and would soon be hiding under a bed. The Oompas provide Fievel with what they call a "genius break", and Fievel can escape by inventing a "magic talent flash", so he can fire a flurry of colored sparks that repels the Oompas and saves the day. Fievel then follows a confusing message to a telephone and learns that the wizard is really his old friend, Augustus Gloop. Fievel and Augustus arrive to campus and decide to take this opportunity to
